OCEAN RAFTING.

Mr. Leary's Third Venture Not a Glittering Success.
New York, Aug. 31.—The third venture of James D. Leary, in transporting heavy loads of apples and pine logs from St. John, N.B., to New York, has not been successful. The cargo consisted of two lots of 8 and 16 sections respectively, in tow of the Storm King and Dingo, small tug boats from St. John. The current greatly impeded the progress of the boats, and they were unable to make headway. The cargo was lost overboard, and the boats were forced to return to St. John. The loss was estimated at \$100,000.

MOVING FREIGHT.
Central Ontario General. A Lack of Men in the Repair Shops.
Albany, Aug. 31.—The New York Central Railroad Company has been unable to get its freight trains running on time, owing to a lack of men in the repair shops. The company has been forced to use the West Albany and Kanawha yards as a temporary depot, and the freight trains have been delayed for several days. The company has been unable to get the men back to work, and the situation is becoming more serious.

THE WORLD OF LABOR.
Melbourne, Aug. 31.—A proclamation has been placed throughout the city prohibiting the holding of any public meeting or demonstration in the streets. The proclamation is in force until the 1st of September. The city authorities are determined to maintain the peace and order of the city, and will not tolerate any disturbance of the public peace.

LABOR IN POLITICS.
Bristol Assault on Two Agitators in Arkansas.—Ticket Sales by the Mob.
St. Louis, Aug. 31.—A mob of 200 men, armed with clubs and stones, assaulted two labor agitators in the streets of St. Louis. The agitators were taken to the police station, and the mob dispersed. The police are investigating the matter.

DISTRICT EXHIBITION.
Sept. 23, 24, 25, 26
Tenders for the supplying of Hay, Straw, and the distributing of water during the exhibition, also for the use of the District Fair, will be received by the Secretary until 12 o'clock noon of Saturday, Sept. 6.
The lowest or tender need not necessarily accept.
Tender to be made on the grounds at J. M. Hartley, and for figures in the main building, opposite the Fair Grounds, Belleville, Ontario, Sept. 6.

THE HONORABLE CHINESE.
New York, Aug. 31.—The Chinese Consul in New York has been notified that the Chinese government has decided to send a large number of Chinese laborers to the United States. The laborers will be sent to work on the railroads and in the mines. The Chinese government is hoping to improve the economic conditions of the country by sending laborers to the United States.

MURDER IN A MONASTERY.

THREE MONKS AND A BOY KILLED WHILE AT DINNER.
The motive of the crime, said to have been robbery, was the cause of a terrible murder at Nard, in Austria, about 12 miles from the city of Nard, on the 12th of August. A monk and a resident of the monastery, called La Specie, in the woods near Nard, were killed. The monks were eating dinner when they were attacked by three robbers. The robbers killed the monks and the boy, and then fled. The police are investigating the matter.

MR. TRAVERS BADLY HURT.
A Canadian Fire Accident in New York.
New York, Aug. 31.—Mr. Travers, with a companion was thrown from a fire escape in a building on Broadway, and was badly hurt. The accident occurred on Wednesday night, and Mr. Travers was taken to the hospital. He is now in a critical condition, and it is feared that he will not recover. The fire escape was faulty, and the accident could have been avoided.

TONAWANDA'S FIREBURN.

John Lupp Condemned to Burning Over a Dozen Confessions.
A drama whose delight was to act first in fire occurred with a result of some 700 yards out of range. Numerous townspeople were present, and a crowd of some 1000 people gathered to see the execution. The condemned man, John Lupp, was a notorious criminal, and had been sentenced to death for a series of crimes. The execution was carried out by hanging, and the crowd was very large.

KILLED BY HORSES.
A Runaway Ends an Old Man's Life.
Belleville, Aug. 31.—George Desford's horse broke loose and ran down the sidewalk the other day, knocking down John Porter, a 70-year-old man. The horse was very wild, and the man was unable to get up. The horse was killed, and the man was taken to the hospital. He is now in a critical condition, and it is feared that he will not recover.

TRIP TO THE NORTH.

Natural Features of Banquet and Vicinity.

ED. ONTARIO—During the city (in company with the city) went by train to Katchewan station, thence by stage to Banquet, and thence by horse and foot to the lake, the banks of which are covered with spruce and fir.

Banquet, a small village (very small) further north, is situated on the banks of the river, and is a good place for a boat.

The face of this mountain is smooth and the rocks are beautifully colored. There is an Indian settlement further up the river.

One Indian hunter, who had a few years ago been to have been 124 years of age at his death.

There are beautiful rapids near Banquet. We entered a small cave on the banks of the river, and explored it for a short distance when we found it empty.

Albert College will open on Thursday 4th inst.

Entries for the exhibition are coming in rapidly.

Mr. McCullough late of this city, read an interesting paper before the Canadian Shorthand Society, on "Transcribers."

That region is not good for lighting but is used in all the towns and villages for heating and farmers have in their houses.

There are some 312 a year for a good stove and \$7 for a heater.

Arthur McGinnis said that some years ago he undertook to sink a well and struck 26 feet of limestone at a cost of \$100, when they struck gas, and had to abandon the well.

Mr. W. N. Panton occupied the theatre of the marsh between Zee's Island and the mainland and sulphur springs in Thurlow, concluding therefrom that these minerals existed in regions where they had been found.

The following resolution, introduced by Messrs W. N. Panton and J. L. Biggar was unanimously adopted.

That the Board of Trade of the city of Belleville realizing what an important factor in the business progress of this city and in the development of the dairy and agriculture industry of the district, our annual fair should be held in the city of Belleville.

OTHER WAR MEMORIES

THE SHERIFF OF FRONTENAC COUNTY SPEAKS.

Mr. Geo. Merrill, has received the following interesting reminder of the rebellion from L. C. Col. J. P. Ferguson, sheriff of Frontenac county, in which he says, "I notice by the newspapers that you are about to have the 100th anniversary of the rebellion celebrated by the services rendered by the old soldiers."

In accordance with the above view, I have the pleasure of informing you that I took a part in the fighting of that time being a lieutenant in a Frontenac Militia, under Colonel Merrill.

While the court martial was proceeding, the rebellion was received at the rebellion, and a noted rebel named Bill Johnson, who was a member of the rebellion, was brought before the court.

GROSS EXTRAVAGANCE.

There is to be a special meeting of the city council this evening for the purpose of passing a grant sufficient to erect a building to accommodate the cheese exhibit. There cannot be accomplished at less cost than \$600, and the over-taxed citizens can ill afford this waste of public funds. If the city is blessed with a surplus of cash, I would be so glad, but under the circumstances it is time to call a halt. Those who vote in support of this waste of money will be marked by the electors at election day. Things have reached a pretty state indeed when such a man as J. T. Warrington can be elected to the city to gratify his pet vanity and the city fathers' vanity, and to hand over the hard earnings of the laborers in our midst, for no other purpose than to please an insignificant individual who does not own a foot of property in the city.

Liver, Kidneys, and all disorders of the system

Few children can be induced to take physic without a struggle, and no wonder: most drugs are extremely nauseating; most pills, on the contrary, being sugar-coated, are easily swallowed by the little ones, and are, therefore, the favorite family medicine.

SAVE YOUR LIFE

It has been said by the prompt use of Ayer's Pills. Travelers to land or sea are liable to constipation or other derangement of the stomach and bowels. It is highly useful, too, to relieve and avert fatal consequences. The most sure remedy is Ayer's Cathartic Pills in the cases of travellers, who are liable to constipation. The proprietors of these pills are constantly supplying the stores. Through prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

For eight years I was afflicted with constipation, which cost me the lives of my husband and child. I tried many of the pills that the doctors could do me no more for me. I was told to try Ayer's Cathartic Pills, and soon the bowels recovered regularity, and I was able to go on with my usual and regular action, so that now I am in

health."—Mrs. C. C. Clark, Tewksbury, Massachusetts.

Ayer's Cathartic Pills are one of the

mus. They have been in use in my family for years, and have acquired a reputation, and have given unvarying satisfaction. We have found them an excellent remedy for rheumatism, sciatica, etc."—W. H. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not adverse in their action, but give relief, and I have used them with great effect for the cure of rheumatism, kidney troubles, and all the ailments of the bowels."—E. Stearns, Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better and more reliable remedy than any other pills within my knowledge. They are not only very effective, but they are perfectly harmless—qualities which must make them valued by the public."—Julius Haesel, Perfumer, Philadelphia, Pa.

She was removed from the general hospital because her father would not allow her to be treated by a "magnetic healer." She was removed to her home at Omphah some time since.

Western Property.

There is a rumor abroad that Hon. B. Chamberlain, of Denver, will be nominated by the Republicans for Governor, which is equivalent to an election ten years ago. Mr. Chamberlain was clerk in a leading house at Thompson Island Park and in the fall emigrated to Denver with \$400 all of his earthly possessions. He is now one of the largest real estate owners in that state.

THE FAIR.

A NEW BUILDING FOR THE CHEESE EXHIBIT.

Three Hundred Dollars Granted by the City Council. A Special Meeting to be held on the question and how it was handled.

A special meeting of the city council was held last night to discuss the advisability of erecting financial aid to the Bay of Quinte exhibition for the purpose of erecting permanent buildings on the grounds for the dairy exhibit. W. H. Biggar, M. P. for the district, representing the interests of the exhibitors, occupied seats within the hall. Mr. Biggar took occasion to remark that Mr. J. T. Warrington had nothing to do with the cheese exhibit any more than he had anything to do with the other exhibits. Twenty hundred and seventy-five dollars was offered in prizes and they expected from fifteen to three hundred cheese to be on exhibition from different parts of the province. The speaker then asked the council to consider their request and grant aid as they felt able to do so.

Mr. Hurley, reverend of the church, thanked the council for their past liberality and aid and believed all the money granted, with a good deal of the money granted, with a good deal of the money granted, with a good deal of the money granted.

Mr. Hurley—Shouldn't they be anxious for the success of the show as the city?

Mr. Hurley—I think the county would do something other year. They gave a thousand dollars not long ago, and have always aided fairly with the exhibition. They are very favorable to the show.

Ald. Porter believed that an extension should be made on the north side of the main building sufficient for the purpose required, which could be separated from the crystal palace, and approach by two arches at either end. He had learned from an architect that such an extension would cost about \$25,000.

J. L. Biggar said that at least a thousand dollars would be needed for the extension referred to, and it was not an economical proposition.

Mr. Hanley stated that an extension for several reasons would not meet the purposes required. It would be inconvenient and would waste the effect of the exhibition. The light on the north side of the main building.

Ald. Skinner spoke strongly to the effect that the county council should give substantial support to the show. While it furnished the citizens a great deal of pleasure, it was a loss to the county. The farmer who was benefited in the main. Here was displayed the products of the county in his different fields, while the knowledge acquired by the city was comparatively small.

Ald. Porter moved in amendment that \$300 be granted.

Ald. Hanley as a practical architect stated that a building 30x70 feet would be required, and a small addition of 10x10 feet of cheese was proposed. With 2,100 square feet and allowing 500 feet for passages, it would be a space for 1,600 square feet and unless two rows of shelves were added, not more than 140 cheeses could be stored in such a space.

Ald. Skinner, after further discussion, withdrew his motion and Ald. Porter's motion carried, after which the council adjourned.

The Gracie Is Home.

The yacht Gracie returned Monday via the American channel, and was met by a boat of Wolfe Island by J. Campbell and W. Middleton, of this city; A. D. Middleton, New York; A. Campbell, Cobourg and two of a crew. At the races on Wednesday the Gracie beat the Katie Gray, old rival on actual time, but on time allowance the race was given to the Katie Gray.

Ald. Porter was surprised by the result of the race, and he had said at sight of Oswego, taking first.

RATHBUN TOWN.

Passing Notes From the Five of In-July.

A young man in the general offices of the Hamilton County left for Peterborough Tuesday evening when he will be wedded to a fair young lady of that town.

Mr. Ravlin, of the flour mill left today for a trip to Manitoba.

The high school opened Monday under very favorable circumstances. This school, under Principal Knight, has already gained the reputation of being one of the best in the county. The school has purchased many more books and chemical apparatus and fitted up the gymnasium in a first class manner.

There is a great rush in the car works at all the P. & O. works in the county. All the factories are busy and some are working extra time.

The new district in the north west part of the town now well built up with new residences, and a new street over the hill is rapidly being built up, seven or eight houses having been built in many weeks.

The late Indian pow-wow was a failure. There was no business, management, and nothing was done. The expected visitors did not turn up.

Mr. E. J. Edwards is representing the Deseronto branch of the C. M. B. A. at the convention in Montreal.

Backer Creek bridge on the boundary line is down, having suddenly collapsed. It was only built a few years ago. A new structure should be built at once.

This boundary road is always kept in a hopelessly bad condition, discreditable to the town of Rathbun and Richmond. It should be assumed by the two county councils. Successive township councils have neglected their responsibility, and the road becomes worse year by year. The little money spent upon it is expended to great advantage.

Rich in Fun.

The small boy, when asked his age, replied that, judged by the fun he had had, he was 100 years old, pretty accurate, he described the feeling of the large audience at the Academy last night. Lillian Kennedy made a decided hit, and the amusement that was crowded into three hours to unravel "Casey's Troubles" was enough for two nights.

Mr. J. C. Williams—Shouldn't they be anxious for the success of the show as the city?

Mr. J. C. Williams—I think the county would do something other year. They gave a thousand dollars not long ago, and have always aided fairly with the exhibition. They are very favorable to the show.

Ald. Porter believed that an extension should be made on the north side of the main building sufficient for the purpose required, which could be separated from the crystal palace, and approach by two arches at either end. He had learned from an architect that such an extension would cost about \$25,000.

J. L. Biggar said that at least a thousand dollars would be needed for the extension referred to, and it was not an economical proposition.

Mr. Hanley stated that an extension for several reasons would not meet the purposes required. It would be inconvenient and would waste the effect of the exhibition. The light on the north side of the main building.

Ald. Skinner spoke strongly to the effect that the county council should give substantial support to the show. While it furnished the citizens a great deal of pleasure, it was a loss to the county. The farmer who was benefited in the main. Here was displayed the products of the county in his different fields, while the knowledge acquired by the city was comparatively small.

Ald. Porter moved in amendment that \$300 be granted.

Ald. Hanley as a practical architect stated that a building 30x70 feet would be required, and a small addition of 10x10 feet of cheese was proposed. With 2,100 square feet and allowing 500 feet for passages, it would be a space for 1,600 square feet and unless two rows of shelves were added, not more than 140 cheeses could be stored in such a space.

Ald. Skinner, after further discussion, withdrew his motion and Ald. Porter's motion carried, after which the council adjourned.

The Gracie Is Home.

The yacht Gracie returned Monday via the American channel, and was met by a boat of Wolfe Island by J. Campbell and W. Middleton, of this city; A. D. Middleton, New York; A. Campbell, Cobourg and two of a crew. At the races on Wednesday the Gracie beat the Katie Gray, old rival on actual time, but on time allowance the race was given to the Katie Gray.

Ald. Porter was surprised by the result of the race, and he had said at sight of Oswego, taking first.

ANN SCHRIEVER AGAIN

SEEKS A WORD OF ADVICE FROM THE MAJESTY.

He had gone to dinner but she came. Pleasantly with her. Her husband is serving a term for larceny and she is serving a term for larceny.

A nervous little English woman with a floral complexion and prettily prepossessing appearance this morning climbed the steps of a stair leading to a small room in the back of the hotel.

She asked if she could get an audience. She had a letter from a man named Blackstone, had gone to his dinner and the porterly woman thought she would go to the room where he was to go to, and when an Ontario man stumbled in officers Cook and Morton were enjoying a great feast of food.

"You see," said the little woman, with a slight look upon her merry eyes, "It was all cut and dried that we should get married last night, but I was afraid that they would not be right, and so I told George that we had better wait until to-night when the thing could be done without any monkey business. My former husband, Joe Douglas, who is now serving a term in the penitentiary for bigamy, was only married five times before he met me, and I kinder think that my marriage is not a success."

Mr. E. J. Edwards is representing the Deseronto branch of the C. M. B. A. at the convention in Montreal.

Backer Creek bridge on the boundary line is down, having suddenly collapsed. It was only built a few years ago. A new structure should be built at once.

This boundary road is always kept in a hopelessly bad condition, discreditable to the town of Rathbun and Richmond. It should be assumed by the two county councils. Successive township councils have neglected their responsibility, and the road becomes worse year by year. The little money spent upon it is expended to great advantage.

The small boy, when asked his age, replied that, judged by the fun he had had, he was 100 years old, pretty accurate, he described the feeling of the large audience at the Academy last night. Lillian Kennedy made a decided hit, and the amusement that was crowded into three hours to unravel "Casey's Troubles" was enough for two nights.

Mr. J. C. Williams—Shouldn't they be anxious for the success of the show as the city?

Mr. J. C. Williams—I think the county would do something other year. They gave a thousand dollars not long ago, and have always aided fairly with the exhibition. They are very favorable to the show.

BARING DIXON'S DEED

HE CROSSED THE NIAGARA CHAM ON

A 7-8 INCH WIRE

Thousands of Spectators Line the Banks

to Witness the Fall—The Trip Across

Interviewed

NIAGARA FALLS, Ont., Sept. 6.—B. J.

Dixon, the Toronto photographer, suc-

cessfully made a small cable across the Niagara

gorge this afternoon. About 3 o'clock large

groups began to gather on the banks of the

Niagara river, near the Victoria bridge,

thirty after that hour Dixon made his

appearance. He was dressed in a brown coat

and a black silk cap. The cable was 7 1/2

inches in diameter and was stretched between

the cable and old suspension bridge.

Promptly at 3 1/2 Dixon stepped on the cable

and proceeded about 30 feet, when he re-

turned and spoke to one of his friends. He

then walked on to the cable and spoke to

the other end. He then stepped on the

BELLVILLE, SEPT. 1890.

THE DAILY ONTARIO published every day except Sunday and public holidays. It is the only paper in the City for \$5.00 per year. Five Cents a month—10c per copy.

THE WEEKLY CHRONICLE is published every Wednesday morning, and is sent, post paid, to all subscribers for \$2.00 per year in advance.

ADVERTISEMENTS in the DAILY ONTARIO are charged at the rate of 10c per line for the first week, and 5c per line for each subsequent week. For longer terms, special rates will be made.

WHO PAYS THE DUTY?

There are farmers who maintain they do not pay the duty on grain and stock exported to the U.S. The following illustration may aid them to solve the problem. Some three years ago Mr. J. Maxwell was engaged on the farm at Vanara. He was a staunch Conservative and an owner of a stock farm. He had a team of fine geldings and his neighbor a team of mares. The two teams were much alike, so much so that they were not supposed to be a dollars difference in value until the market, both teams being in the market, a horse buyer from New York negotiated their purchase. Mr. Maxwell's neighbor sold his mares for \$800 and Mr. Maxwell was offered \$400 for his geldings. He protested saying he would have to be paid for the geldings and \$400 was all that could, in safety, be paid for them.

DON'T LIE THE MEDICINE.

The Intelligence not long since had one of its characteristic irresponsible articles on "scoffers of the defects" that Sir Richard Cartwright evolved when the Liberals controlled the treasury. The article was calculated to show what a damage the Liberal administration had been to the country and "convinced" him about them that they were the cause of the ills of a "misnamed" "National Policy" than trust the affairs of the country to the hands of such cravens as the Liberals. THE ONTARIO, to show how the country had suffered under the Liberal administration, published an article on "National Policy" that did not go further from home than Belleville to show its baneful effects. It was patriotic of course, for the Intelligence to claim that the country had been brought to the verge of ruin by the Liberals and to be believed even if it added no better proof than its own assertion. But "cross bilingualism" was not so harsh a term to apply to this journal when it enumerated the factories that had flourished prior to the N. P. and asked where they were now, after sixteen years of Conservative N. P. rule. The Intelligence was simply treated to a dose of its own medicine, but from the way it barked its venom, that the argument does not agree with it. The pretence of Belleville sixteen years ago, and Belleville of today into the case, too exactly and showed the rottenness of the Conservative's platform, too clearly to pass without comment. There was no argument to offer that would go down and it is hoped on abuse, personal abuse on the proprietor of this journal, for, for every dollar paid by the Intelligence for city taxes, pays one hundred dollars for city taxes with injury to the cause. If a newspaper is essential for telling the truth what is to be said of a policy that has caused a state of affairs that contemporary does not want held up to the light of day? If any one has the interests of the city seriously at heart is the class who have to bear the brunt of the "all things" and "the" that was promised by Sir John and the Liberals before its introduction, it is neither reason nor fair to point out the failures even in the face of the bluster of the upstart fool.

Dispepsia or indigestion is occasioned by the accumulation of starchy debris in the gastric pouch, without which digestion cannot occur. The food is not properly broken up and the gastric juices are not properly mixed with it. The result is a mass of undigested food which accumulates in the stomach and causes a feeling of fullness, bloating, and discomfort. Where your payments lessen annually after three years, and not be led away by so-called lower rates, but which mean that the agents pocket the difference. Remember that the full amounts are guaranteed at the end of the terms. NOT ESTIMATES, BUT POSITIVE GUARANTEES. It is all very well for an agent to say that the end of the term is 10 or 20 years. But remember that the policies don't guarantee a penny more than what the agent says you will get, and he may be in another country long before that time. So look at the Guaranteed Cash Values on the policies of the Ontario Mutual Life Assurance Company.

John Sheehan Dead.
John Sheehan, employed for many years at the Grand Trunk, died yesterday, aged 61 years. Deceased was born in Ireland and came direct to Belleville from that country in 1848. He was married by his brother Simon Sheehan. His son Stephen is one of the trusty and well-to-do land in the freight of his own at St. Michael's.

C. P. R. Excursions.
The Canadian Pacific Railway has commenced a new series of excursions to Vancouver and all points on the coast at the lowest possible rates. The trains are constituted of the best family cars furnishing every modern comfort similar to first class fare. All intending tourists will do well to take in the above. For every information call on or write to BURNHAM, Agent Front Street, Belleville.

His Last Sermon.
Mr. W. J. Smith of Cobourg, university has given his engagement at the church, and will give way to Mr. Hudson next Sunday, who will have returned from his holidays by that time.
Mr. Smith stated from the pulpit that for two summers it had been his pleasure to visit Belleville, but he thought it would be his privilege again. He will finish his university course next spring and will probably be given a charge of his own at the next June conference. During the two summers that he has visited Belleville at Bridge Street he has won golden opinions from old and young and has given every citizen a chance to have a successful career.

The Resident Located.
It is now learned by Officer Cook, that the man John Hayes, who left Maggie White the next day after his marriage to her last year ago at Cape Vincent came to Belleville and married a woman named Moorey. He worked for the Belleville Bank's Mills and those who knew him state that he was indolent and not particularly fond of money. The officer numbered him from the fact that he had come to his home on the Kingston road and went to the Belleville Hotel. They were not here when they went to Montreal.

Children Cry for Pitcher's Castor.

BELLEVILLE'S GREAT FAIR.

This Year's Exhibit to be the Greatest Success in its History.
J. L. Hagar, who has charge of the Crystal Palace, states a reporter to that space in the main building was at a premium, and that he hardly felt able to put the exhibitors. He says he never saw a more ready and praiseworthy response from the merchants. Belleville's big show is certainly an established fact and the people of Belleville determined that it shall not die from the want of interest. Mr. Hagar will endeavor to confine the horridal about the Crystal Palace to last year. An office has been secured on Bridge Street, where the secretary will receive any information necessary for John A. Macdonald will likely open the exhibition. The management have issued an official programme from the Crystal Palace department which is a credit to them and a valuable item in the collection. Low rates have been secured on all the railway and steamboat lines. The Midland train will leave the city until 5:30 p.m.

A SUIT FOR DAMAGES.

A case arising out of a defective Ferry Landing.
Some time in June last, Mr. Hennessy of this city, was crossing the ferry along with Mr. Joseph Amelburg, the Belleville doctor, when the ferry was pitched headlong over the dike-board and sustained injury. Mr. Hennessy was under the doctors care for some days and asked that the physicians fee be paid by the city. Mr. Hennessy, it is said, is of the opinion that the city was liable for any damages arising from any defect in the construction of the landing. The ferry company was applied to and held that the company had nothing to do with the docks and were not responsible for damages as they had frequently drawn the attention of the street surveyor to the unsafe condition of the dock—whenever they held it to be kept in safe repair. The result of the matter is both the corporation and Ferry Co. have been sued by Mr. B. B. C. Wright for plaintiff, L. H. Henderson, city, and J. W. Kerr, Cobourg, for Ferry Company.

THE CRITICS.

I was with my friends again last night. I should not have said that I cannot resist them. I go up Broadway intent on the matter. I pass the theatre, hear the orchestra playing, and know that in a very few minutes now the curtain will rise for my group. I begin to unravel "Casey's Troubles." That immense audience became a swaying mass of joyous life. Now I'll just step in to see how the house will take this topical song. That moment I'm lost. I go and return to the very last, even waiting until the audience pass by and then I can see their good humored faces and hear their loud comments. Have you ever done that? Try it. You can always tell whether a play is a success or failure, from the conversation indulged in by the auditors as they leave the theatre. They are the true test. Managers are beginning to study their patrons more than of yore. By the way! What a pretty souvenir that bright picture of the fifteenth presentation of this bright production. I'm going to hang mine in my office, and when business comes I'll bring to mind, I shall look up at it, as a bright cloud. Let it act like oil on troubled water, make thoughts smooth and light in remembrance of happy moments spent with friends.—NIM CRIVELLE.

NARROW ESCAPE.

While Mr. C. Dempsey was upon his way from Trenton by the Murray car, he was nearly killed by a horse. A few evenings ago, some unknown person fired a shot at Mr. Dempsey, carrying away a portion of the Murray car. Dempsey went back to Trenton and remained overnight. The only reason that he was not killed was because the person who fired the shot did not know that he was in the car. Mr. C. for Mr. Ryerson's brother, who carried a portion of the Murray car. Dempsey went back to Trenton and remained overnight. The only reason that he was not killed was because the person who fired the shot did not know that he was in the car.

No Woman in the Case.

A few days ago an item of news appeared in the OHTARIO that indicated that "a woman" had been taken place at Bird's Creek in North Hastings. The woman named Green charged a man named McDavid with having committed adultery with her. It appears that the woman was not directly made these charges against McDavid as he was an improper strain attached to those words the OHTARIO regrets any injury which might have been done. Mr. Green, from the evidence, however, it would appear that it was the inference to be gathered from Mr. Green's remarks.

Accidental Shooting.

Horse, the 16 year old son of Rev. Armstrong of Trenton, was accidentally shot in the groin by a shot gun on Saturday afternoon while stepping out of the car. In company with another boy about the same age had been duck shooting in the marsh and was just returning home about 5 p.m. when the trigger caught in some shod that did not enter the bowels and the physician states that the victim will recover.

A Fact

WORTH knowing is that blood disease, such as which all other remedies fail to cure, yield to Ayer's Sarsaparilla. A fresh confirmation of this statement comes from a patient who writes:

"I had tried to bandy pills, even such deep-dosed cathartics as senna and calomel, but I obtained no relief. I then took Dr. Josselyn's Pills, and the like, and they were effectually eradicated by the use of this wonderful alternative."

Mrs. R. Irving Dodge,
120 West 120th Street,
New York, writes:—

"About two years ago, after being laid up for some time, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago newspaper, that

"After, after long suffering, by taking Ayer's Sarsaparilla, I then decided to make a trial of Ayer's Sarsaparilla, and took it regularly for eight months. I am now completely cured so that it effected a complete cure of me. I have since had no return of the disease."

Mrs. L. A. Sherk, Naasna, N. H.

"One year ago I was taken ill with rheumatism, and was confined to my house six months. I came out of the house very much debilitated, with no appetite, and was unable to do any work. I began to take Ayer's Sarsaparilla, and in a few days I began to feel better. I continued to take it, and in a few weeks I was able to go out, and in a few months I was able to do my usual work. I am now in strength and soon recovered my usual health. I can not say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I have been cured of many ailments, and I quite testify that it is the best medicine I have ever taken. I can not say too much in praise of this well-known medicine. I am now in strength and soon recovered my usual health. I can not say too much in praise of this well-known medicine."

FRESH KINGS

THE GIPSY BARON!
By Johann Strauss, the Waltz King.

Con-Ed's Comic Opera Co will present this delightful opera. The Gipsy Baron is the work of the famous Johann Strauss, known as the "Waltz King" and is regarded as his masterpiece. It was played 1000 nights in Vienna, an entire season in Berlin and upwards of 200 times in New York. Nothing more is required to show the popularity of this charming opera.

Con-Ed's Comic Opera Co has produced one of the strongest opera troupes which will go out on the road this season. The principal one of the cast are: Miss Edith, Miss Lulu, Miss Annie Russell, John J. Rufford, Enrico, Maurice and Ferrie Hamilton. Paul Steinhilber is the Musical Director. The company has been trained under the personal direction of Mr. Con-Ed who has engaged, in addition to the principals, a chorus of pretty girls. The costumes and the scenery for this production are new and elaborate, some of the former being specially imported at a great expense.

FOOT COLLEGE FEDERATION

THE CONFERENCE REAFFIRMS THE VOTE OF 1980

A Proposition for the Independence of Victoria Lead by 83 to 805 The Main body of the Federation of Victoria, by a vote of 13 to 70, in favour of the resolution.

Monday, Sept. 15 - The Methodist General Conference resumed work this afternoon after an intermission which was devoted to the presentation of the anniversary report, in which it was stated that the Federation of Victoria had been reconstituted and was now a reality. It spoke of the work among the Indians and outlined fully into all the details of the various missions.

In the evening the question of the Federation of Victoria College occupied its place on the agenda. The resolution, which was adopted by a vote of 188 to 189, was reaffirmed, recommending the Federation of Victoria with Toronto, by a vote of 12 to 70.

An attendance was offered in favour of independent Victoria College, but it was not carried.

Hill's Letter From a Maniac.

WOODSTOCK, Sept. 16.—Mr. F. R. Ball, C., prosecuting attorney in the Beaulieu case, has received from one who gave his name as "a maniac," and who was at one time a minister of the gospel truly ordained and claims to be a member of the Methodist Episcopal church—a man-once on the subject of Freemasonry, in plain language that the Freemasons are making his life such that they will get rid of him by all means possible; he suggests to kill him by procuring in some way to suggest to all him to go to jail or to have them put him to death now what has become of him.

He was 44 years old, single, and had a wife, Ada Drate, last of Cleveland the mother of three children, and a daughter, supporting herself a widow, married to a Toronto man named Duranuta who was 26 years old. Stephen Holiday was 26 years old when he was arrested in court on trust pending positive proof Holiday's death. In 1980 Mrs. Duranuta was 46 years old and had a son, Stephen Holiday, just born after his appearance at the old homestead and told that he had lapsed himself to a spar in the lake. Mrs. Duranuta was then acquainting his wife and family as to his death by proceeding to Central America, where he has remained ever since. Those who were in the house at the time of his death at Ogouche Hall yesterday by Mr. Justice Armour for payment out of court of his estate were the wife of the estate, his surviving son and a number of witnesses, swearing that he was the long-missing man.

—INSURE YOUR LIFE IN THE—

ONTARIO MUTUAL LIFE ASSURANCE COMPANY.

Where your payments lessen annually after three years, "and not be led astray by so-called lower rate, but which increases as you get older. But the Agents probably ought to tell you this. The time for you to pay your insurance is while you are physically able to earn it, and not have to pay more in the declining years of life than you do now. What you want is a **TEKNI LIFE OR ENDOWMENT POLICY** in the Company where the full amounts are guaranteed at the end of the term. **ESTIMATES**, but **POSITIVE GUARANTEES** are given you, and you will be glad to get what you will get at the end of 10, 15 or 30 years. But remember that the policies don't guarantee scarcely one half what the agent says you will and he will not be in another country long before that time. So it is the **Guaranteed Cash Values** on the policies of the Ontario Mutual before you insure.

Treasury Department's Rating.
WASHINGTON, Sept. 15.—The Treasury Department is in receipt of a letter from the collector of customs at Buffalo, N. Y., in regard to a candidate of William Hamel that duty was assessed on certain tools brought by him into that port on April 30 last. The collector says it is the

of duty all the tools, household goods, and personal effects by bona fide emigrants in this country, but at certain seasons of the year large numbers of Canadians come to the United States to work a while and then return, and it has been the practice of his office to make this class of workers of the contract labor law pay duty on their tools.

The collector that the law exempts from duty the "professional books, implements, instruments and tools of trade, occupation or employment of persons arriving in the United States," without reference to the fact that they may or may not be bona fide immigrants, and the right of such tools, etc., free entry is in no way dependent on

contract labor law. If persons come to the United States in violation of the contract labor law, that law provides a remedy, as the tariff laws are in no sense a justification therefor. The collector is therefore directed to cause his practice in admitting tools trade free to conform strictly to the requirement of the law.

BOTH MEN ARE IN THE RIGHT.
Queer Legal Complications to be
tangled in a Wisconsin Court.
JANESVILLE, Wis., Sept. 18.—Judge J.
R. Bennett of the Circuit Court has to deal
between two men, both of whom, under
laws of Wisconsin, are clearly in the right.
A divorce caused all the trouble. In

Lena Hurd was married to Andrew Ingle, a well-to-do farmer. They did not live happily together. In 1884 Ingle sued for a divorce. He proved that his wife had deserted him 18 months before and a decree of divorce was pronounced. Three months after this Mrs. Ingle married again. Her second husband was Alex Shuman, who had worked for

time on Ingle's farm. Mr. and Mrs. Shuman were blessed with two children. The first child was born eight months after Mrs. Shuman's divorce from Ingle and five months after her second marriage. By the death of her father, Mrs. Shuman was made the possessor of \$100,000, but she did not live long to enjoy her wealth. She died and left her money to her

held in trust for her two children. It comes the rub. As to the younger two children there was no contest, but as the older it was different. Both Inglo Shuman claim it as their offspring. In half of Shuman was cited the provision any child born in wedlock, no matter short the time after the marriage, is

lawful offspring of the husband. While the contestants is to be given the custody of the child and management of its property will be left therefore for Judge Bennett to settle. The case will come up for trial at the November term of the Circuit Court.

NEW CARPETS

Last week we took out of them 15 Bales of CARPETS Tapestry, Brussels, and Velvets, for the Fall Trade, and ONE CASE OF CURTAINS

We have now a very large assortment of Carpets and House Furnishings, all new, and our prices are considerably lower than the same quality of goods are usually sold.

AN IMMENSE STOCK of General Dry Goods for the Fall Trade. Our stock is larger than usual, and our goods thoroughly reliable.

JAS. W. DUNNET
Glasgow Warehouse, Belleville, Sept. 16th, 1890

The Daily Ontario
BELLEVILLE, SEPT. 23, 1890.

Place Taken.
All orders left at Mr. Hennessy's dry goods store, or by post—address 405, Belleville, will be attended to by Mr. S. R. Fanning, Tugger.

Military Opinion.
Mr. S. Eustace will deliver his military lectures on Wednesday and Thursday next. All the leading styles in hats and bonnets, together with a large assortment of children's goods will be on display.

Special Attraction.
The exhibit of Messrs. W. J. Reid & Co. will alone be worth a visit to the Belleville Fair. Mr. Carroll has secured many special attractions, and his place occupied by a statue of Sir John A. Macdonald, and Sir Charles Tupper. Also a beautiful singing bird, which is a wonderful invention.

The Curse of Protection.
Mr. S. J. Ritchie, who is engaged in developing the copper and nickel mines around Sudbury, has been for about two years the subject of a state of Sir John A. Macdonald, and Sir Charles Tupper. Also a beautiful singing bird, which is a wonderful invention.

The Deputy Grand Jury.
Ottidellows through Ontario will learn with pleasure that Dr. C. T. Campbell of London, has been elected Deputy Grand Jury of the Southern District of Ontario. Ottidellows which virtually means that he will be elevated to the highest position in his body two years hence.

Died in the War West.
An Ottawa despatch says:—Mr. J. S. Robertson, of the Customs Department, received a despatch from the Secretary of Customs at Victoria, B. C., informing him that his brother Mr. J. Robertson, Canadian officer of the Customs at Tacoma, Washington state, had died there of heart disease. Deceased was 49 years of age, and had been in the service for about 20 years. He leaves a widow and four children, who live at Madrid. The remains will be brought to Montreal for interment.

A severe Flaming.
Last week David Smith Coburn, the young man who studied Peter for about twenty years, was before Police Magistrate Dumble for sentence, which was that he receive twenty-four lashes on his bare back, the punishment to be inflicted by the prisoner's father to the satisfaction of the court, followed by a month in jail. Immediately after the sentence had been pronounced, the father administered the whipping, and the lad's last words as his father had not spared the rod. The punishment is severe enough to prove a life-long lesson to him.

Is the Dominion Responsible?
ED. ONTARIO.
SIR:—Read the rebellion and volunteers of 1837-38. I have tried to get the best legal advice in Canada in regard to their claims. It seems in order to make the Dominion government responsible for those claims, it must be shown that they were debts of the old provinces of Upper and Lower Canada, Ontario and Quebec, at Confederation. This I think can be established. 300 old volunteers were reported to me up to date Sept. 22nd. I think there cannot be more than 600 or 650 living to-day. Yours, Geo. McKerrill.

Not After the Delegate.
Rev. Dr. Douglas says he executed and hated tobacco, and would say to those delegates who drew their pipes or cigars on the streets of Montreal that they are a disgrace, a disgrace, an infamy to the body. He asked conference if they thought ready-made law than they enforced. Was it not a fact that progressive culture had driven it out, through the pulpit of the Toronto and Montreal Methodists, and was it not notorious that members of the church attended meetings and "theater entertainments" (No No.) He argued that they appear to be content with the "bacco matter" and use the artillery of the pulpit.

Mr. James Johnson.
of Rockwood, Ont., writes:—"Last fall I sold both very bad and red almost Black Duck Blood Bitters. I got a bottle and the effect was wonderful. I was cured. I feel cured. A more rapid and effective cure does not exist."

HARVEST FESTIVAL.

ST THOMAS CHURCH THANKSGIVING SERVICES.

The Editor Tasterfully Decorated With Products From the Farm and Garden. An Excellent Discourse.

St. Thomas church was well filled at both services yesterday on the occasion of the annual harvest festival.

The Rev. Mr. Smith was plainly yet artistically ornamented with grain fruit and flowers. Rev. Herbert Symonds of the University of Toronto preached both morning and evening.

The offering of the day amounted to \$110. In the evening the revenue gentleman took his text from Mark v. 28.

"The earth brought forth fruit of herself, first a wheat, then the ear, after that the full corn in the ear."

He dwelt upon the simplicity of Christ and his love for the leprosy and the leprosy of the Saviour taught of man's duty to be faithful in the service of the good Samaritan.

How difficult is the question who is this neighbor? How, of this question, would you answer this question? This is one style of parable, an earthly story, from which a heavenly and spiritual meaning is to be drawn.

The spiritual meaning is to be drawn from a parable which treats of the analogical growth of the spiritual life. It is, as it were, a case of the birth and progress of the spiritual life.

NORTHROP & LYMAN'S

TEGETABLE A Great Blood Purifier

A Sure Cure for Dyspepsia

A Medical Triumph! A Very Bad Case of DYSPEPSIA VANQUISHED.

HOW THE HEALTH OF ONE OF BELLEVILLE'S CITIZENS WAS RESTORED.

Remarkable Cure of Dropsy and Dyspepsia.

Mr. SAMUEL T. CASE, Belleville, writes: "In the spring of 1881 I began to be troubled with dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my physician, but received no benefit. By this time my trouble assumed the form of dropsy, and I was unable to use any food whatever, except milk and bread. My limbs were swollen, and I was unable to move. I continued using Northrop & Lyman's Vegetable Discovery, and after taking three bottles, I was perfectly well. I consider it valuable as a cure for dyspepsia. I have of several persons who have used it with the same result."

Mr. W. J. DETTEL, Wingham, carpenter and builder, writes: "Three years ago I was greatly troubled with dyspepsia. I was unable to use any food whatever, except milk and bread. My limbs were swollen, and I was unable to move. I continued using Northrop & Lyman's Vegetable Discovery, and after taking three bottles, I was perfectly well. I consider it valuable as a cure for dyspepsia. I have of several persons who have used it with the same result."

CATHARTIC.

A NEW HOME REMEDY.

It is not generally known that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the nose and throat.

Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated which cures catarrhs of the nose and throat in three simple applications made at home by the patient once in two weeks.

This treatment is not a snuff or an ointment, but a simple remedy which is applied by means of a small applicator.

ONE OF THE THINGS

WE ARE APT TO GRUMBLE AT

IN FRANCE,

The providing of one's own soap at hotels!

Permit me to remark that this is one of those things

THEY DO MANAGE BETTER IN FRANCE

than we do here. I am strongly of opinion

that every one when travelling should carry

his or her own soap as one takes ones own

hair-brush or sponge. It is much more

cleanly, and there can be no better providing

in this respect for the hot sun and warm

winds and dust of travel than a cake of

"PEARS"

which, under such circumstances, I have

found very efficient in the prevention of

sunburn and allied annoyances.

Romeo and Juliet.

Margaret Mather and her company of star actors will produce Romeo and Juliet at the Opera House, commencing Tuesday evening. The company only plays in the largest cities and is brought to Belleville through the kindness of the management.

Famous Lock Here.

While the thousands of farmers are in the city this week attending the fair will be just their opportunity to see Cheap John and secure a suit of his ready-made clothing. He has also gents' furnishings at rock bottom prices and if you cannot be pleased here it is because you do not want to buy. He will clothe you respectably from head to foot from \$5 to \$7.

Microbe Killer.

W. R. Adams' Microbe Killer is the greatest medicine in the world, and since its discovery four years ago has had an unprecedented sale. No less than ten United States have been established in the chief cities of the United States, and one in Toronto and the demand is increasing. Full information and medicine at western office 120 King street west, Toronto.

Gold Ore for England.

Fred Lingham, who has been taking samples of ore from the North Hastings mines to subject them to tests in England, has shipped 70 tons to the old country. The samples will be put through a new process and the result will be of great significance to the country. A. E. Lingham has a gold lump valued at \$90 washed out of samples picked up in prospecting.

Natural Gas.

Mr. O. McMichael writes, in reference to natural gas, that he has been working with the work as soon as he gets the right to lay pipes and supply gas.

My intention?

My intention? He has formed a company of the citizens of Belleville who may think it to invest in the enterprise to sink a test well on the corner of the city as possible supply all the wants of the city for heating and lighting and for manufacturing?

TRINITY COLLEGE.

Prof Symonds explains the aims and results of Trinity College.

A meeting of the Belleville Local Association of Trinity University was held at St. Thomas church hall to listen to an address on the nature of Trinity University by Prof. Symonds of Trinity.

The Rev. J. W. Burke president took the chair and there were present Messrs. O. R. Hargis, secretary, J. P. Alexander, S. R. Gorman, Miss Smart, Miss Murray, E. Coats, Miss Twining and others.

Prof. Symonds explained the working of Trinity, its constitution, its local associations and the part of Trinity University for exciting and sustaining the interest of the people in the work of Trinity.

He has been largely increased, the matriculation of the current year largely exceeding in number those of any previous year in the history of the University. The teaching staff has also been reinforced, courses in Greek and Latin, in classics, philosophy, science, and modern languages, being fully provided for.

On Saturday night the Garter house at West Hamilton, which has afforded shelter for man and beast for the past forty years, was completely destroyed by fire supposed to have been the result of an incendiarist.

The out houses were swept away as well as the hotel. Mr. Garner suffered a heavy loss, insured for \$1,000. The house was occupied by a man named Hoffman from Sidney who lost his furniture, a sum of money and his stock of goods. Insured for three hundred dollars.

A NEW METHOD OF TREATMENT
Sufferers are not generally aware that these diseases are curable, and that they are due to the presence of living parasites in the lining membrane of the nose and in the sinuses. Microscopic research, however, has recently shown that the result of this discovery is that a simple remedy has been formulated which by its use, cures the disease, and restores the patient to health in from one to three simple applications made at home by the patient once in two weeks.

ONE OF THE THINGS
WE ARE APT TO GRUMBLE AT
IN FRANCE,
The providing of one's own soap at hotels!
Permit me to remark that this is one of those things

THEY DO MANAGE BETTER IN FRANCE
than we do here. I am strongly of opinion that every one when travelling should carry his or her own soap as one takes one's own hair-brush or sponge. It is much more cleanly, and there can be no better providing in this respect for the hot sun and warm winds and dust of travel than a cake of

"PEARS"
which, under such circumstances, I have found very efficient in the prevention of sunburn and allied annoyances.

that apply only to a few months they would not be so useful. At last we have found a remedy that will begin the use of Ayer's Sarsaparilla. The first change for the better was manifest. The pores seemed to open, the skin manifested no discharges were gradually diminished, and the system became healthy and strong. The child is livelier, its skin is fair, and the appetite has improved. We have observed for months."—Frank M. Griffin, Jr., Lowell, Mass.

DURDOCK'S PILLS

A SURE CURE FOR BILIOUSNESS, CONSTIPATION, INDIGESTION, RIZINESS, RICK, HEADACHE, AND DISEASES OF THE STOMACH, LIVER AND BOWELS. They are mild, pleasant and easy to take, and form a valuable aid in the treatment and cure of CHRONIC AND OBSTINATE DISEASES.

The Safest

AND most powerful alternative Ayer's Sarsaparilla. Young and old are alike benefited by its use. For the eruptive diseases peculiar to children, such as measles, scarlet fever, etc., it is as effective as any medicine, while its agreeable flavor makes it easy to administer.

John Williams, barrister, of the firm of

Clute & Williams, was called to testify

that they had been employed as counsel

for a suit for breach of promise, and that

he had occasion to send Hall the following

letter.

Miss Sophia Jane Shaw informs us

that although you are engaged to marry

her early in September you have discon-

tinued your visits to her and are now

keeping company with another lady. This

is the advice of carrying out your en-

gagement and if you do not resume your

visits to her and carry out your en-

gagement we shall be compelled to take

steps against you which are to the dis-

advantage of her and to the disadvantage

of you. It is not to marry her without legal

advice. It will be so much the worse

for you as you doubt there will be

damages ordered against you by the court

as well as the cost of defending proceedings

of this kind. She is anxious to avoid

litigation and only wishes you to carry

out your contract which to all honor and

justice you should be willing to do. Please

write her from you in the course of a

week.

No answer was received to this "very

kind" letter and when Mr. Williams called

on the street a few days after he de-

clined ever having promised to marry Miss

Shaw.

Mr. Thrasher, the husband of the

witness just called testified that defendant

Hall paid at his house five times.
